Squamish, B.C. – The District of Squamish has proclaimed February 20-24, 2017 as Chamber Week.

Chamber Week celebrates the commitment of the Chamber of Commerce in strengthening Squamish’s business community, and recognizes the countless volunteer hours of service to the community.

“Since 1913, the Squamish Chamber – previously Board of Trade – has been Squamish’s independent and active voice for business, diligently working with the Squamish community to identify the issues impacting business, and working with local and provincial government to drive these insights into policies and actions,” said Christine Campbell, Chair, Squamish Chamber. “Whether speaking as the voice of business, providing resources to help our members grow their business, or promoting Squamish as a place to establish new business, the Chamber is focused on *working together to get business done.*”

Right now, for example, the Squamish Chamber is setting up two task forces – Economic Development and Transit & Transportation – to identify actions that the Chamber should take in the next 12-18 months to help our community thrive and to make it easier to do business in
